Areas of curriculum covered	<p>During PE and games lessons students will develop the skills they learnt last year in order to select and apply them in a number of competitive situations. Students will be introduced to peer leadership roles during lessons.</p>	<p>This half term we will continue to familiarise students to the basics of invasion games and build on previous experiences. They will learn various ways to lead an active healthy lifestyle by completing a health related fitness unit, which will contain methods of physical exercise they can complete outside of the classroom with minimal/no equipment needed. Students will be introduced to the games for understanding (TGfU) unit in PE which presents the importance of implementing strategies and tactics in a range of UK and foreign sports.</p>	<p>All students will learn the basic skills and rules which consist in Volleyball. Boys and girls will be given an option between Badminton and American Football. As well as individual skills these sports provide a fundamental approach to teamwork and communication.</p>	<p>In gymnastics children use skills individually, in combination and in sequence, with the aim of showing as much control and precision as possible on floor and apparatus. Basketball and Football make up sports in games.</p>	<p>Striking/Fielding Games are activities in which players score points by striking an object and running to designated playing areas to score or prevent opponents from scoring by retrieving the object and returning it to stop the play. By playing these games, participants will learn the key skills and tactics for games such as Cricket, Rounders and Softball. Quad Kids offers a team based approach to athletics where the accumulation of points in adapted/shortened version of regular events. Students will learn fundamental skills and techniques needed for throwing, jumping and running events.</p>
